Product Leader with **8+ years of experience** turning undefined, 0-1 opportunities into products that scale. Specialised in building from the ground up, having developed a suite of merchant-focused payment products that **scaled to £2.4B in annual transaction volume**. Currently leads an AI-first analytics suite generating £2M ARR and 20k+ MAUs, a venture **nominated for Fintech New Product of the Year**.

Obsessed with defining the problem before exploring solutions, leveraging AI workflows to sharpen user research and accelerate prototyping. Thrives in small, high-ownership teams, comfortable making tough strategic calls, and deeply invested in mentoring junior PMs to build high-performing squads.

WORK EXPERIENCE

Dojo | Lead Product Manager

May 2025 - Present

- Built Intelligence Lite and Intelligence Pro from 0 to 1, generating **£2M ARR**, 20,000+ users, and directly closing **10+ Enterprise deals**. **Shortlisted for Fintech New Product of the Year**.
- Ran hundreds of user interviews, built a research repository from scratch, and used **Opportunity Solution Trees** to ensure every roadmap decision was backed by evidence rather than assumption.
- Owned the multi-market monetisation strategy for Intelligence Lite across 4 international markets; used targeted pricing surveys to validate willingness-to-pay and leveraged Dojo Lite to accelerate Dojo Plus adoption.
- Drove the adoption of **customer-facing AI features as the first team to deliver them**, while resolving a key discoverability issue by replacing generic banners with contextual triggers to **drive a 14% conversion uplift** to the Intelligence dashboard.
- Intelligence Pro was voted **the most anticipated launch** at Dojo's sales summit.

Dojo | Senior Product Manager

Nov 2022 - May 2025

- **Drove 163% YoY net revenue growth** across three squads **overseeing £2.4B in annual card** turnover through framework-led prioritisation that kept teams focused on high-impact initiatives.

- Launched QR payments and ran rapid post-payment screen experiments that delivered a **115% uplift in review conversion** and a **140% increase** in merchant tips within six months.
- Led end-to-end discovery and GTM for the hospitality vertical, covering ordering, payments, and menu management from customer and partner research to commercial launch.

Dojo | Product Manager

Mar 2021 - Nov 2022

- Built remote payments from scratch: scaled to **£2.4B in transaction volume**, 60 transactions, 100,000+ locations, across four international markets.
- Scaled payment links, virtual terminals and SDKs to 100,000+ merchant locations across Dojo's mobile apps and developer platform. Recognised with Team of the Year and Creator Award.

John Lewis Partnership | Delivery Lead

Mar 2020 - Mar 2021

- Delivered **PayPal and BNPL integrations into JohnLewis.com checkout**, directly improving purchase conversion for one of the UK's largest retailers.
- Managed a DevOps team building GCP microservices through a full payments re-platforming, modernising checkout infrastructure from the ground up.

John Lewis Partnership (Ventures) | Product Owner

Oct 2018 - Mar 2020

- Scaled a direct-to-consumer MVP into a national business, **+50% enquiry conversion**, 150+ five-star Trustpilot reviews, through package and pricing experimentation.
- Led 0-to-1 discovery and delivery of an industry-first in-home service, managed the full lifecycle from concept to localised beta.

John Lewis Partnership (Waitrose) | IT Graduate

Sep 2017 - Sep 2018

- Rotated across software development, analysis and project management; optimised scheduling for **300+ branches** through a workforce management transformation.
